

AIA
THE ASSOCIATION
OF INTERNATIONAL
ACCOUNTANTS

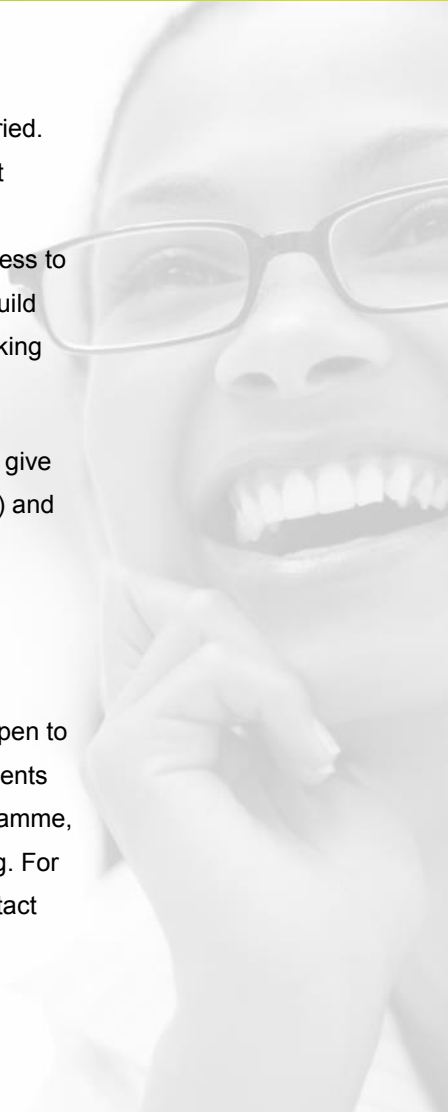

AUDIT

A career in audit is challenging, stimulating and varied. As a statutory auditor you will provide independent verification of client's compliance with accounting principles. You will play a vital role in helping business to reflect their finances accurately and, helping to rebuild trust in financial markets, and building a better working world.

The AIA Statutory Auditor Training Programme will give you a Recognised Professional Qualification (RPQ) and give you a great foundation on which to build a successful career in audit and accountancy.

AIA AUDIT SCHOLARSHIP

AIA is committed to ensuring the professions are open to all, and offers an Audit Scholarship for eligible students accepted onto the Statutory Auditor Training Programme, which significantly reduces the cost of audit training. For further details and to check availability, please contact Membership Services.

STATUTORY AUDITOR TRAINING PROGRAMME

The AIA Statutory Auditor Training Programme offers you the opportunity to achieve a Recognised Professional Qualification with an international perspective. AIA auditors who are registered with a Recognised Supervisory Body (RSB) can work throughout the UK and the European Union.

The programme is a combination of study and work experience, uniquely tested by exam, a case study and an oral test; ensuring that you are fully equipped with the skills and competencies to work confidently and efficiently in this rewarding and demanding profession.

EXEMPTIONS

Exemptions are available for relevant qualifications undertaken in the last five years; when you register with us, we will assess your existing qualifications and make an exemption offer.

CONTACT US
